

# PLEDGE NOW: NO, I WILL NOT SIGN I-1552

Opponents of Washington's values of diversity and equality are asking voters to sign a new ballot initiative, I-1552, to repeal Washington's non-discrimination protections for our transgender friends, neighbors, and family members. If they gather enough voters' signatures, discrimination will be up for a vote on Washington's ballot this November.

**Add your name now to help stop this dangerous initiative from reaching our ballot:**

***NO – I will not sign I-1552.** I pledge to decline to sign Initiative 1552. I agree we should uphold Washington's non-discrimination protections and ensure fair and equal treatment for our transgender neighbors, family and friends!*
